

# TOE'N THE LINE STUDIOS

## INFORMATION

Ben Arstad has been Toe'n The Line since '79 in the great Northwest. The majority of Ben's work is done at car/motorcycle shows and special events throughout the West coast. Give the shop a call to set up an appointment: **425.971.7533**

## TYPES OF WORK AVAILABLE

Ben specializes in hand-applied, top quality, custom pinstriping. Ben also applies factory-style pinstriping, hand lettering, flame outlines, gold/silver leaf, and graphics. Ben pinstripes cars, trucks, motorcycles, boats, and just about anything that will accept paint.

Pricing -

Standard 1 or 2-color design:	starts at \$60.00 each
Factory-style body lines:	starts at \$180.00
Hand lettering:	starts at \$8.00/word
Flame outlines:	starts at \$200.00
Gilding:	starts at \$80.00 each design
Graphics:	starts at \$50.00/hour

## GUARANTEE

With proper care; as long as it's still running, you've got our guarantee.

## CARE AND FEEDING

Pinstriping paint will dry to the touch in one hour or so (weather dependant). Full cure time is 10 days. Do not put any pressure on the paint until it has cured. Once cured, you should wash and wax with a plain carnauba wax (no abrasives). Anything that will dull or remove your factory paint will do so to the pinstripes as well. With proper care, pinstripes will outlast your basecoat.

## HOW LONG DOES IT TAKE?

Each standard 2-color design takes 20-40 minutes, plus dry/cure time. Body lines, lettering, flame outlines, gilding and graphics will take longer.

## CAN I REMOVE THE PINSTRIPES?

The paint can be removed while still wet. Once cured, it is extremely difficult to remove, thus outlasting your basecoat. No bad designs.

## ONE-OFF SPECIALTY JOBS

Please call to set up an appointment, pricing and time requirements are based on each job.
